Readiris™ Pro 17

It's time to go Paperless !

Readiris Pro 17 is the complete PDF and OCR solution to make best use of your scanners or files and transform all your paper documents into digital files. Create and edit your PDFs, convert and modify all your paper documents with just a few clicks.

The perfect match for private users and self-employed workers. IRIS' world-reknowned OCR software will make you save the precious time you would lose retyping information from documents! Readiris™ Pro 17 automatically recognizes the text and layout from an image, a PDF or a scanned document and turns it into an editable digital file (Word, Excel, PDF, HTML, TXT, ePub, etc.).

Take the maximum benefit of your scanners or files, add the power of Readiris Pro 17 software.

Key features

- PDF Annotations: collaborate on your PDFs thanks to a full range of annotations.
- Convert scans, images and PDF files into editable documents
- Create, edit and merge multipage PDF files
- Compress searchable PDF files up to 10 times for optimized archiving and sharing
- Access your smart documents from any computer, smartphone or tablet
